

# Serendipity

## Activity:

Making puzzles

## Area of learning:

Creative Development, Problem Solving, Reasoning & Numeracy and Knowledge & Understanding of the World.

## What you need:

Old birthday/Christmas cards

Safety scissors

## What to do:

Taking one card at a time cut the card into pieces (different shapes and sizes).

Once you have finished cutting the card into pieces mix them all up.

Children can then enjoy putting the card back together.

By adjusting the size and shape of the pieces you can vary the degree of difficulty.

## Learning outcomes:

Decision making

Independence

Literacy & numeracy skills
