

Serendipity

Activity:

What's in the box?

Area of learning:

Creative Development, Knowledge & Understanding of the World and Communication, Language & Literacy,

What you need:

Box

Items that make a noise

What to do:

Get a box and fill it with items that make a noise (bell, container with rice inside, pen with a clicking top, two pan lids etc.) Encourage the children to sit with you on the carpet and talk to them about the sounds they can hear around them. Explain to the children that there are items in the box that make a noise; they need to guess what the noise sounds like.

Learning outcomes:

Social interaction

Communication skills

Independence

Problem solving skills

Literacy & numeracy skills
